Recessed Protection Systems are a smart choice for high-traffic areas, such as hallways or near elevators. Our in-wall solutions avoid wall protrusion rule concerns while keeping necessities organized and at hand.

FEATURES:
- Avoids wall protrusion violations; once installed protrusion is approximately 1 ¼”
- Easy supply standardization
- Separates PPE supplies in a clean and protected environment
- Reduced surface area potentially minimizes risk for contamination
- Visible access to supplies improves PPE donning compliance and restocking
- One in-wall well & adjustable shelves
- Keyless locking
- Patent pending

BEAUTIFULLY compliant

Create your ideal working environment in just a few easy steps at BuildARoomByBowman.com:

Choose the consumable(s) and room(s) that need organization.

Tape an 8 1/2" x 11" piece of paper to the wall and take a photo straight on of the room.

Select your room type in Build A Room and upload your photo.

Arrange the yellow square to fill your paper in the photo.

Drag and drop dispensers into your space.

Save your design then print or send your layout to your planning team.

Build A Room by BOWMAN

Build A Room shows you the end result in just a few clicks with a camera and a mouse. Create, save and output an image of your ideal room, like the one shown at right. Visit: BuildARoomByBowman.com

CustomerService@BowmanDispensers.com | Sales@BowmanDispensers.com

BOWMAN Dispensers is a specialized design and development business creating personal protective equipment (PPE) dispensing solutions. Once a healthcare-dominated industry, PPE dispensing devices have expanded in application to most commercial markets such as industrial, food service, education and beyond. We are at the forefront of innovative dispenser design across all industries.

Since 1988, with customer collaboration, BOWMAN now offers over 200 unique items in our product line. As a privately held company, our owners are involved in the business every day. BOWMAN is proud to serve as your industry advocate, partnering with you to create safe, organized and efficient work environments.
