Protection System Solutions from BOWMAN feature:

- Designs with direct input from healthcare professionals
- Highly-visible & accessible PPE, allowing for easy restocking
- Universal sizing
- A variety of colors & configurations
- Small, medium & large dispensing capabilities
- Compatibility with BOWMAN Isolation Reference Cards & FREE printable signs to help prevent the spread of HAI’s
- Made in the USA

The Best Selling PS016 Protection System

Our proven design can be customized 125 different ways, mounts on doors or walls, and holds most major manufacturers’ PPE products.

Variety of color & material offerings
- PS016-0512 Aluminum
- PS016-0223 Maple Fauxwood
- PS016-0233 Cherry Fauxwood
- PS016-0212 ABS Plastic
- PS016-0300 Stainless Steel
- PS016-0111 PETG Plastic

Sanitizer mounting area:
- Dial 54064
- Purell 1450-D8
- Steris 2121

Universal gown storage:
- Flat packs
- Laundered
- Overhead cover packs
- Thumb loop in boxes
- Thumb loop stacked

Adaptable storage area:
- 4th box of gloves
- Boxed face masks
- Miscellaneous supplies
- Miscellaneous wipes

Wall Mount & Over the Door Protection Systems

- Great for areas where hallway space constraints apply
- Portable or permanent mounting options available
- Standardize PPE location with wall mount units
- Visibility of supplies leads to increased PPE usage and compliance
- Quickly add isolation supplies during an outbreak with temporary door mounts
- Cost effective alternative to isolation carts
4” Protection System Solutions

- 4 inches deep to accommodate wall protrusion guidelines
- Adaptable to hang on a wall or over the door with a hanger
- Quickly converts to an isolation unit by adding a MP-047 sign holder & free isolation signs from BowmanDispensers.com
- Fits most standard size glove boxes and gowns; due to depth, face masks may need to be removed from box.
Place a Wall Mount Protection System outside of each patient room for protection against blood borne pathogens.

Quickly convert to an Isolation Station by clipping on a Sign Holder.

- Makes isolation easy by permanently mounting a wall hanger outside of each patient room
- Increases compliance by ensuring PPE is consistently available to staff outside of each patient room

Wall Mount Options
- Direct-to-Wall with Keyholes
  - Permanently mount Protection Systems using keyholes on back, with customer supplied hardware

PS016 isolation kit:
BD601-0012 = PS016-0212 + MP-047
Kit includes Protection System & Sign Holder

MP-047 Sign Holders sold separately; free isolation signs are available at BowmanDispensers.com
Traditional Door Hanger

- Convert to an Over the Door Solution by adding a hanger to a door, then adding any Protection System.
- Easy to implement—just hang and start using.
- Our most popular door hanger for standard sized doors.
- Similar style to a wreath hanger.
- Quick, cost effective solution, especially during an outbreak.

MB-600
Hanger - Door

Also available: MB-602 - for doors taller than 9 ft

Fire Door Hanger

- Double pronged solution.
- Holds Protection Systems at adjustable heights to accommodate door hardware on fire doors.

MB-450
Hanger - Metal Bracketed Doors

Glass Door & Window Hanger

- Holds Protection Systems securely on glass using double sided semi-permanent VHB tape.

MB-500
Hanger - Glass

Kit includes Protection System, Sign Holder, and Door Hanger.

P5016 isolation door kit:
BD02-0012 • P5016-0212 • WP-247 • MB-600

Recessed Protection Systems are a smart choice for high-traffic areas, such as hallways or near elevators. Our in-wall solutions avoid wall protrusion rule concerns while keeping necessities organized and at hand.

**FEATURING:**
- Avoids wall protrusion violations: once installed protrusion is approximately 1 ¼”
- Easy supply standardization
- Separates PPE supplies in a clean and protected environment
- Reduced surface area potentially minimizes risk for contamination
- Visible access to supplies improves PPE donning compliance and restocking
- One in-wall well & adjustable shelves
- Keyless locking
- Patent pending

**Measurements shown are overall external dimensions. For detailed specs, download product datasheets at BowmanDispensers.com.**

**BACKED BY OUR 15 YEAR WARRANTY**

**Center Side View Mounting Specs for All Recessed Units**

- Overall depth to face of door: 4.77”
- Overall depth to front of frame: 4.21”
- Depth of installed wall protrusion: 1.27”
- Recessed depth: 3.50”

**Protection System—Standard**
24.36” W x 27.05” H x 4.77” D

**Protection System—Double Gown**
27.38” W x 33.33” H x 4.77” D

**Protection System—Launderable Gown**
27.38” W x 33.33” H x 4.77” D
The Mobile Protection System from BOWMAN is your high-capacity, no frustration solution for quick and accurate compliance.

**FEATURING:**

- Easy visibility & instant access to PPE
- Ergonomic design is easy on your back—no bending and no drawers
- Converts to a mobile isolation station by clipping on a MP-047 Sign Holder
- Large storage capacity
- Additional storage area with doors and a removable shelf
- Immediate access to restock ensuring an efficient workflow
- Donning order indicators—an industry first
- PPE sizing indicators
- Clear lid to visualize the products at all times for efficient reloading
- 3 inch, easy roll, locking casters

Build A Room is NEW and exclusive to BOWMAN Dispensers:

• Visually plan out your workflow, organization and storage needs
• See firsthand how dispensers will fit in your space
• Arrange, align, and rearrange until you have the perfect placement
• Try out multiple combinations with no commitment to purchase
• Print and download your final layout
• Saved PDF includes a list of your chosen dispensers for reference

Create your ideal working environment in just a few easy steps at BuildARoomByBowman.com:

Choose the consumable(s) and room(s) that need organization.

Tape an 8 ½” x 11” piece of paper to the wall and take a photo straight on of the room.

Select your room type in Build A Room and upload your photo.

Arrange the yellow square to fill your paper in the photo.

Drag and drop dispensers into your space.

Save your design then print or send your layout to your planning team.

Build A Room shows you the end result in just a few clicks with a camera and a mouse. Create, save and output an image of your ideal room, like the one shown at right.
Integrate PPE Dispensing Solutions into the project planning phase to save space, improve aesthetics and reduce code violations.

BOWMAN Dispensers is a specialized design and development business creating personal protective equipment (PPE) dispensing solutions. Once a healthcare dominated industry, PPE dispensing devices have expanded in application to most commercial markets such as industrial, food service, education and beyond. We are at the forefront of innovative dispenser design across all industries.

Since 1988, with customer collaboration, BOWMAN now offers over 200 unique items in our product line. As a privately held company, our owners are involved in the business every day. BOWMAN is proud to serve as your industry advocate, partnering with you to create safe, organized and efficient work environments.

Proudly made in the USA

BOWMAN Dispensers is a proud sponsor of the Melodic Caring Project. Learn more about how you can play a part: MelodicCaringProject.org
