Package Specifications:

- 20" L x 6" W x 20" H (50.8 cm x 15.2 cm x 50.8 cm)
- 18 lbs (8.2 kg) - approximated

Product Specifications (overall external dimensions):

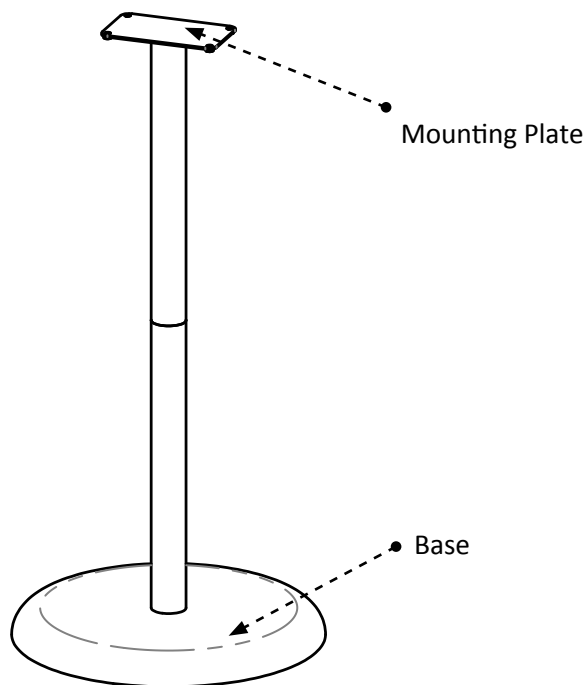

- 18.0" W x 36.73" H x 18.0" D (45.7 cm x 93.3 cm x 45.7 cm)
- 15.25 lbs (6.9 kg) - approximated

Mounting Specifications:

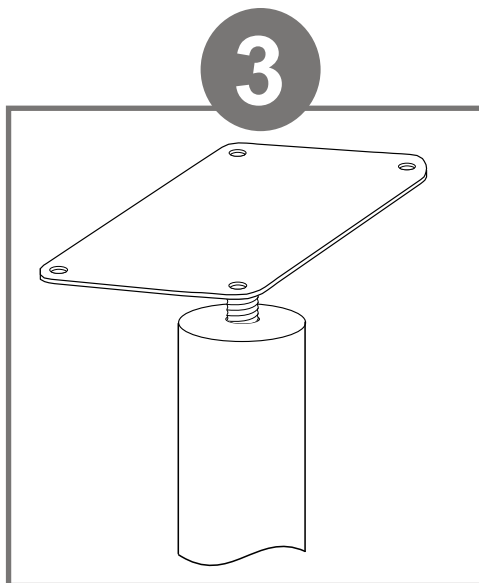

To secure base to column, place base on floor, line up threaded stud on base with threaded hole in pole. Turn pole clockwise until tight.

Screw the threaded hole of second pole section onto the stud in the top of the first section. Turn clockwise until tight.

Place mounting plate over hole from second column section. Holding mounting plate level, screw the threaded stud into the hole.

Parts included:

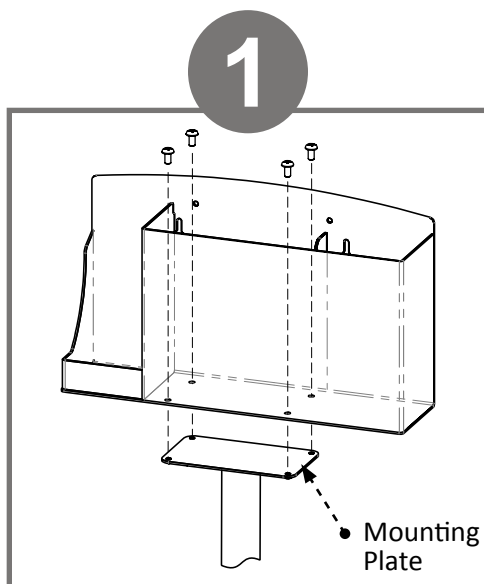

- Column
- Base
- Mounting Plate
- Hardware
 - (4x) included to attach companion product (Phillips type 10-32 x 5/16")

Tools required:

- No tools are required to assemble the stand
- Phillips screwdriver to attach hygiene station to stand

See list of available companion products on page 1 of data sheet. (each product sold separately)

Attach selected companion to the column using (4x) screws included with stand. Tighten.

To mount a sign holder to a product with a lid, open the lid and install (2x) barrel screws included with sign holder. (FD-062 shown)

Holder overlaps front and back of companion product as shown.

To mount a sign holder on a product without a lid, sandwich the holder over the top edge of the product, lining up holes. Attach using (2x) barrel screws included with sign holder. (RS001-0212 shown)

Holder overlaps front and back of companion product as shown.

Tools required:

- Phillips Screwdriver (to attach to base)
- Flathead Screwdriver (to attach sign holder)

Advantage

Designed for Long-Term Use

Dispensers and stands made of powder coated steel are both attractive and functional, providing years of service.

Major Benefits

Durable

Our powder coated steel dispensers and stands provide long-lasting products that hold up well in tough environments.

Cleaning

The powder coated finish resists common chemicals and cleaning agents and can be easily wiped clean with soap and water.

Strength

Powder coated steel is ideal for dispensers used in a healthcare or an industrial setting. It is impact resistant and is not effected by extremes in temperature.

Appearance

The clean, bright appearance of quartz powder coated steel looks attractive and provides a professional image in all environments.
