- 3.40 lbs (1.5 kg) - approximated

### Mounting Specifications:

## Advantage

### Designed for Long-Term Use

Our aluminum dispensers and stands are coated with polyester triglycidyl isocyanurate (TGIC) powders, making them highly corrosion resistant. They are lightweight, attractive, functional and provide years of service.

## Major Benefits

### *Durable*

Our powder coated aluminum dispensers resist corrosion, chipping, and flaking. This material will provide long-lasting products that hold up well, even in tough environments.

### *Cleaning*

The semi-gloss powder coated finish resists mild chemicals and cleaning agents, such as Windex or glass cleaners. It should be cleaned with a damp cloth or mild soap and water. Scotch-Brite, steel wool or any abrasive products should not be used.

### *Strength*

Powder coated aluminum is ideal for dispensers used in a healthcare or industrial settings. It is impact resistant and is not affected by extremes in temperature.

### *Appearance*

The clean, bright appearance of powder coated aluminum looks attractive and provides a professional image in all environments.
